Dear Dr. Stupid,
Why does my brother bite his feet?

Danny Jones
301 Cahanet St.
Taunton, MA 02780

Well, Danny, I can smell your brother's foot from here, and if those stinkers were mine, I'd try to bite them off, too!

Dear Dr. Stupid,
I know there is Scotch tape, but I was wondering if there is Irish tape or Welsh tape.

Evan Painter
905 Mass Dr.
Savannah, GA

This is a tough one. After much research I have concluded that there is no such thing as Irish or Welsh tape. There is, however, Irish Spring soap and Welch's grape jelly. For more information visit your local supermarket.

Dear Dr. Stupid,
What is the sound of three hands clapping?

Max Cantor
27 Lakeview Dr.
Roslyn, NY 11576

Max, I'm going to talk you through this. First try to imagine the sound of two hands clapping; now imagine a third hand added in. I hope this answers your question.

Dear Dr. Stupid,
If you are wondering what that stuff is in the enclosed plastic bag, it's my cat's Gritty Kitty Litter.

Rob DePriest
8 Leeward Dr.
Brampton, Ont. L6S-5V6

I must compliment your cat on his or her taste in litter. Thanks for the care package — I'll save it for a rainy day.

Dear Dr. Stupid,
Who invented video games?

Love,

Rob Abelman
1129 Royal Oak
Chagrin Falls, OH 44022

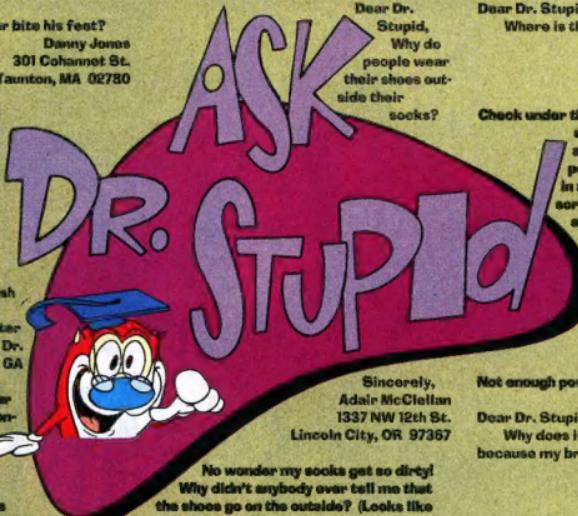

I did. How do you like my invention?

Dear Dr. Stupid,
What is exozooLOGY? It's our next subject in class.

Evan Halpine-Berger
419 South St.
Willimantic, CT 06226

Now Evan, if I were to tell you what exozooLOGY is, it would spoil the whole educational process. The joy of learning is not to have an all-knowing Ph.D. (such as myself) tell you the answer; it's in finding the answer on your own no matter how long it takes. Besides, I have absolutely no idea what exozooLOGY is.

Dear Dr. Stupid,
Why do people wear their shoes outside their socks?

Sincerely,
Adair McClellan
1337 NW 12th St.
Lincoln City, OR 97357

No wonder my socks get so dirty! Why didn't anybody ever tell me that the shoes go on the outside? (Looks like I'm the one who learned something from this letter.)

Dear Dr. Stupid,
Why don't dogs have wings?

Kerry Zentner
306 Grace
Toronto, Ont. M6G 3A6

Because dogs are not airplanes, birds, insects, or flying squirrels.

Dear Dr. Stupid,
Why do flies have wings?

Mark Larson
1041 Deerfield Rd.
Water Mill, NY 11976

Because flies are not dogs.

Dear Dr. Stupid,
Q: What do you call a skull with a candle in it?
A: A head-light.

Eric LaGaccia
Wilmington, DE

Technically, Eric, that would be a skull-light. Thanks for the joke, though.

Dear Dr. Stupid,
Why do dogs smell and not cats?

Abraham Alvarado
3247 Kim Kaid
Dallas, TX 75220

You are quite right, Abraham. Dogs do smell (bad). The answer can only lie in the difference between the species' hygienic habits. Personally, I stay fresh and scent-free by licking myself all over at least once a day.

Dear Dr. Stupid,
Why don't cats go to school?

Grace DeLeon
210 Reebling St. #10
Brooklyn, NY 11211

That's where you are wrong. How do you think I became a doctor?

Dear Dr. Stupid,
Where is the channel changer?

Sincerely,
Robert Halliburton
Ellijay, GA 30540

Check under the sofa cushions, on the side table behind the lamp, and in the pile of newspapers on the floor. If it's not in any of these places, I'm sorry, you will have to consult another doctor.

Dear Dr. Stupid,
What killed the dinosaurs?

Matt Ransdell
1708 Arnold Rd.
Louisburg, NC 27549

Not enough powdered toast.

Dear Dr. Stupid,
Why does it seem like I'm adopted because my brothers are so stupid?

Roy Jones
301 Cahanet St.
Taunton, MA 02780

Fool really, Roy. Your brothers are probably so stupid because they are related to you.

Dear Dr. Stupid,
Why does everybody ask you things when they know you are stupid?

R. Westley
Bellingham, WA 98225

I beg your pardon! If you need proof of my brain power, just check out my answer to the following advanced arithmetic question.

Dear Dr. Stupid,
I want to know what 1+1=.

Amy Cain
5230 Lake Ridge Dr.
Burr Ridge, IL 60521

You have come to the right doctor, Amy. 1+1=2. To save you some postage stamps, I'll answer some other questions you might have once you absorb that information: 2+2=4; 4+4=8; 8+8...hmm...well, you can figure that out for yourself.
